Hello again!

On Friday, November 12th, the annual PCC Conference will commence. We're going hybrid this year, with two days of in-person programming (for speakers only due to Covid-19 rules) and four days of virtual sessions.

We want to make sure you can watch our events! On November 12th, the live-streamed activities will be available, and you may register for the virtual events and join the video conferences.

From the PCC

- **Interested In Our Fellowship?**
  At this time of the year, **we are looking for expressions of interest for our 2022 Fellowship.** If this is you, please tell us a little about yourself **here**.

- **PCC/BKC Researchers Need Your Help!**
  Ana Aguirre asked us to add some signal boost to a survey her research group needs our help. I bet you can spare a minute to support this important work!

  Ana wrote:
  “Hello everyone, From the **Harvard Data Cooperative Research Sprint**, one of

and Platform coops gather, manipulate and use data. They have created two different forms according to the use of data cooperatives made. Please, if you can take 5 minutes to answer they would be super grateful:

Cooperatives already using data

Cooperatives that do not use data."

- **Newsletter Submission:**
  We would love to hear from you.
  If you'd like to contribute to this newsletter, please submit your event, article, or other news **here**.

Share Our Vision? Support Our Work!

The Platform Cooperativism Consortium is a grassroots organization that relies on the contributions from people who believe in alternatives to the digital economy.

We do research, policy analysis, and advocacy at the PCC. Additionally, we manage resources and organize global events. We teach and mentor future cooperative leaders while also growing a global network of supporters with the goal of creating and improving jobs through platform cooperatives. Would you consider helping us to realize our shared vision? Can you make a **contribution** today? **There is no us without you.**

If you are an organization, we invite you to consider joining the **PCC Circle of Cooperators**. If you want to learn about the benefits, **contact us** and we'll schedule a meeting.
